## Annex to the Partial Accreditation Certificate D-PL-12142-01-01 according to DIN EN ISO/IEC 17025:2018

**Valid from:** 27.09.2023

**Date of issue:** 08.12.2023

This annex is a part of the accreditation certificate D-PL-12142-01-00.

Holder of partial accreditation certificate:

**QIMA Certification (Germany) GmbH**  
**Schleidenstraße 1, 22083 Hamburg**

The testing laboratory meets the requirements of DIN EN ISO/IEC 17025:2018 to carry out the conformity assessment activities listed in this annex. The testing laboratory meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17025 are written in the language relevant to the operations of testing laboratories and confirm generally with the principles of DIN EN ISO 9001.

### **Tests in the fields:**

**Safety of electrical equipment**

**Energy efficiency**

**General product safety, usability, and mechanical-physical tests of:**

- **Furniture and furniture accessories**
- **Mattresses and sleeping systems**
- **Surface and material testing**
- **Toys & items for infants and toddlers**
- **Children's and juvenile items**
- **Sports equipment, camping, and leisure items**
- **Cycles, pedal electric cycles and accessories**

*This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.*

Abbreviations used: see last page

**Annex to the Partial Accreditation Certificate D-PL-12142-01-01**

- Suitcases, backpacks, and luggage items
- Cooking utensils, household goods & decorative items
- Small household appliances and large household appliances

The testing laboratory is permitted, without being required to inform and obtain prior approval from DAkkS, to use standards or equivalent testing methods listed here with different issue dates.

The testing laboratory maintains a current list of all testing methods within the flexible scope of accreditation.
