

Deutsche Akkreditierungsstelle

Annex to the Accreditation Certificate D-PL-17235-01-00 according to DIN EN ISO/IEC 17025:2018

Valid from: 17.07.2023

Date of issue: 17.07.2023

Holder of accreditation certificate:

mastap GmbH
Kesseldorfer Rott 24, 46499 Hamminkeln

The testing laboratory meets the requirements of DIN EN ISO/IEC 17025:2018 to carry out the conformity assessment activities listed in this annex. The testing laboratory meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17025 are written in the language relevant to the operations of testing laboratories and confirm generally with the principles of DIN EN ISO 9001.

Reproducible, damage-free testing of masts made of metallic materials, wood and concrete for lighting masts, light-signalling systems as well as floodlight masts and low and high voltage masts and similar standing and anchored systems for structural stability using low-frequency vibration measurement

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.
