Annex to the Accreditation Certificate D-PL-17776-01-00 according to DIN EN ISO/IEC 17025:2018

Valid from: 05.02.2024

Date of issue: 05.02.2024

Holder of accreditation certificate:

Excelitas Noblelight GmbH
Heraeusstr. 12-14, 63450 Hanau

with the location

Excelitas Noblelight GmbH
Messlabor
Heraeusstr. 12-14, 63450 Hanau

The testing laboratory meets the requirements of DIN EN ISO/IEC 17025:2018 to carry out the conformity assessment activities listed in this annex. The testing laboratory meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17025 are written in the language relevant to the operations of testing laboratories and they conform to the principles of DIN EN ISO 9001.

Tests in the fields:

Optical measurements (irradiance, radiance, radiant flux)

The testing laboratory is permitted, without being required to inform and obtain prior approval from DAkkS, to use standards or equivalent testing methods listed here with different issue dates.

The testing laboratory maintains a current list of all testing methods within the flexible scope of accreditation.

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.
