## Annex to the Partial Accreditation Certificate D-ZE-14169-01-08 according to DIN EN ISO/IEC 17065:2013

**Valid from:** 01.11.2022

**Date of issue:** 10.02.2023

This annex is a part of the accreditation certificate D-ZE-14169-01-00.

Holder of partial accreditation certificate:

**TÜV Rheinland LGA Products GmbH  
Tillystraße 2, 90431 Nürnberg**

with its certification body

**TÜV Rheinland LGA Products GmbH  
Zentralbereich Zertifizierung  
Am Grauen Stein 29, 51105 Köln**

The certification body meets the minimal requirements of DIN EN ISO/IEC 17065:2013 and, if applicable, additional legal and normative requirements, including those in relevant sectoral schemes, in order to carry out the conformity assessment activities listed below.

The management system requirements of DIN EN ISO/IEC 17065 are written in the language relevant to the operations of certification bodies and confirm generally with the principles of DIN EN ISO 9001.

Certification of products, processes and services in the area of:

**Electrical Equipment**

*This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.*

**Annex to the Partial Accreditation Certificate D-ZE-14169-01-08**

**I. Products for the award of the GS mark pursuant to Section 20 of the German Product Safety Act (ProdSG)**

For the following products:

- General electrical appliances for household use
- Devices with food contact
- Devices with skin contact
- Sanitary facilities
- Luminaires/lamps
- Power supply units
- Fastenings for solar collectors and photovoltaic modules or collectors/modules with fasteners
- Power supply units for low voltage with DC output
- Power generators
- Uninterruptible power supply systems
- Accumulators
- Current converters/solar inverters
- Worksite distribution boards
- Cable reels
- Multiple sockets
- Industrial distributors
- Timers
- Information technology equipment with ergonomics of display devices
- Information technology equipment without ergonomics of display devices
- Battery chargers
- Power distributors
- Audio, video and similar electronic products and accessories
- Electrical measuring and testing equipment
- Electrical control equipment
- Electrical laboratory equipment (including centrifuges)
- Power tools
  - Hand-held power tools
  - Portable power tools
  - Non-electric power tools (hydraulic, pneumatic)
  - Cutting and pressing tools for electrical installations
  - Cable cutters
- Laser equipment
- Industrial robots, safety components, controllers

The certification body fulfils the requirements set out in Section 21 (2) of the German Product Safety Act.

**Abbreviations used:**

DIN	Deutsches Institut für Normung e.V. (German Institute for Standardization)
EN	European standard
IEC	International Electrotechnical Commission
